REQUEST FOR RECONSIDERATION

Dear Sir:

This paper is being filed in response to the final Office Action mailed April 30, 2008.

First, three Replacement Drawing Sheets including a revised Figure 3 are being submitted concurrently herewith. Applicants submit that no new matter has been introduced by the amendment to FIG. 3. In particular, as applicants have previously noted, the shape of the bars 40 is of no moment to this application, nor is the manner or location of attachment of the bars 40 to the car 28. Accordingly, the representation of car 28 in FIG. 3 has been removed. Applicants submit that the amendments made to FIG. 3 obviate the Examiner's objections to the Figures and to the corresponding portions of Applicant's disclosure. Applicants respectfully request consideration of the same.
